Discover-U | UTICA Program at UNIVERSITY

Gain Work Experience! Internship Opportunity for Young Adults with Autism or I/DD

Discover-U is a unique opportunity for people to develop work readiness skills with support in work environments on the Utica University Campus. Focus will be on achieving competitive employment and will include daily classroom instruction and hands on work experience. Participants will have the opportunity to choose three different internship sites on campus, such as Office of Student Financial Services, Sodexo Dining Services, Campus Safety, Student Living and Campus Engagement and TRIO Student Support Services.

Participants will be given the opportunity to identify interests, skills and employment goals. Employment Specialist staff will provide job coaching to each person in learning their assigned tasks and developing social and work skills with their supervisor, coworkers and students. Interns also have the opportunity to audit classes, such as childhood development, criminal justice, career strategies, first year seminar, etc.

Information for Potential Candidates:

- For young adults ages 18 - 30 years old
- Must have OPWDD waiver eligibility for prevocational services
- Must not be currently enrolled in any school program
- Must have an interest in gaining skills for future employment
- This is a one-year program that runs August to May at Utica University
- Schedule is suited to the student, however Monday - Friday, 8:30am - 3:00pm is preferred. Students must have good attendance
